FOURTH SUNDAY OF EASTER

APRIL 13, 2008

WORLD DAY OF PRAYER FOR VOCATIONS

CHILD ABUSE PREVENTION MONTH

April is National Child Abuse Prevention Month. It is most appropriate that Child Abuse Prevention Month is held during the Easter season. There is no better time than Easter to celebrate the protection of our most valuable gift from God—our children. Throughout the month of April our bulletin will contain information on how to prevent child abuse.

Take the Child Safety Quiz. Parents, guardians, and adults who care for children face constant challenges when trying to help keep children safer in today's fast-paced world. The National Center for Missing and Exploited Children (NCMEC) offers easy-to-use safety resources to help address these challenges. NCMEC's Web site offers a range of practical information for parents and guardians that will help keep children safe from harm. The site also features an interactive quiz on child safety designed for both adults and children. To take the quiz, visit the NCMEC Web site and click on "Child Safety": www.missingkids.com.

Learn to "Stop" Inappropriate Activity Before It Happens. Child safety tip: Teach your child to respect the word "stop!" Teach your preschooler that "stop" means "stop," and that your child has the right to stop people from touching his or her body. Obviously, exceptions will have to be made for doctors and parents, but even parents must listen when a child doesn't want to be tickled or hugged anymore. Reinforcing this excellent lesson gives your child the power to recognize—and to stop—"bad touching" by others if it should happen.

Recognizing Signs of Child Sexual Abuse. Changes in behavior, extreme mood swings, withdrawal, fearlessness, excessive crying, bed-wetting, nightmares, fear of going to bed, sleep disorders, and a fear of certain places, people, or activities can be signs that a child has been traumatized by sexual abuse.
